

# Project M'millan Ancestry On – Line : Summary of clan or septname ancestors

The purpose of this summary is to give us the basic information about your M'millan or septname ancestors for easy inclusion in the M'millan or Septname Search Indices available on the Clan Centre computer and the official Clan MacMillan website. If your M'millan or septname ancestor is some generations back you can send us details of your connection to him or her in a separate family tree which will be held in the archives at the Clan Centre; and you can also send us a tree with more details than given here about your M'millan or septname ancestors (the restricted details here are to allow for entries to be typed into the computer without it taking too much time).

*You may not be able to fill in all the details below – please include as much as you know for as many generations as you know.*

**PLEASE START BY ENTERING YOUR NAME AND YOUR POSTAL ADDRESS ON THE NEXT TWO LINES:**
